High School Students and Parents,

The state of Michigan high schools now gives the SAT to their juniors, for free. This test is like the ACT (which is still available to take), in that it is needed for acceptance to and acquiring scholarships for the colleges you apply to. You may take either test-all colleges and universities accept both. We hold preparation classes for both tests.

The SAT class is a total of 16-hours (2 hours 2x a week), 4 weeks prior to your scheduled test. The student needs to schedule a 4-hour block, prior to the first day of class, to take a SAT test here in our center. We will score that test and refer to it during the class.

The cost of the class is \$450. You must sign up for the post test and class along with paying for at least ½ of the fee before the first day of class. There are no make-up classes, so if you are signing up for a class, please schedule appropriately.

Circle the class and test date you will be taking and then call for the class dates and times:
